This immaculate 70.5m yacht was commissioned by the owner of a 54.2m yacht who wanted more space for family fun, more deck space, more toy storage, more room throughout. She has literally been designed and built for family fun.

Glass screens allow a perfect view of sunset over the anchorage from the day beds in the crew's nest and removable awnings deliver shade when needed. The sun deck below has a huge jacuzzi and a shower forward of a sit-up bar and a shaded al fresco dining area with plenty of space aft for activities. There's a 50in screen for movie nights too.

Lounge on the upper deck aft with a sit-up bar to keep everyone hydrated and an informal dining table for afternoon snacking. Inside is a daybed perfectly positioned for reviving snoozes and further forward is a comfortable lounge area with a 65in TV so you can drop the blinds and enjoy movies - or karaoke. There's a games room forward, which doubles as a study.

The staircase has a skylight above lighting an art installation by Crystal Caviar. It leads down to the main deck, with dedicated gym forward. Aft is an impressively large main saloon, stylish but welcoming, and a formal dining area forward, each with feature lighting. Outside is a raised sun lounger and two lounge areas separated by steps down to the amazing beach club.

Opening the huge toy locker with shell doors either side reveals a Novurania Chase 23 for getting ashore and exploring plus a Ski Nautique Super Air Nautique 230 for waterskiing and tow toys for getting thrills on the water. Add to that three Sea-Doos, four SeaBobs, kitesurfing kit and more and you have a yacht that can deliver huge smiles every day.

Complying with IMO tier III certification, she features an 100% clean air exhaust system. Cruising silently, she is also installed with zero speed stabilizers to ensure her guests remain comfortable at all times. Her sleek lines are the work of Unique Yacht naval architects, and her innovative look is considered to be a game changer for vessels of her size.

Tatiana's vast proportions feel even larger as you step inside her stunning, light filled interior. Created by the award-winning H2 Yacht Design, her décor is "timelessly understated" with subtly luxurious materials such as rich Macassar ebony, marble and eucalyptus used to create an elegant yet functional look. A unique layout sets this striking vessel apart from others in her class, and an elevator connects all levels.
